

WOODCIRCLE

PROJECT N° : 2022-1-IE01-KA220-VET-000086833

**WOODcircle identify
key sustainable skills for
the wood and furniture
sectors**

**A free training course developed
in 5 European languages**

**Supporting the wood and
furniture sectors to
tackle twin transition
challenges**

THE WOODCIRCLE TRAINING COURSE

25h - EQF4 Level certificate

- **Overview of the Circular Economy** : Gain a comprehensive understanding of circular economy principles
- **Sustainable Materials** : Learn about eco-friendly and sustainable materials
- **Circular Design** : Explore innovative design practices that support a circular economy
- **Resources, Manufacturing, and Waste** : Understand the full lifecycle of resources, from manufacturing to waste management

25 students from 6 all countries had the opportunity to discover :

- **Innovative Design at KOMOK** : Visited brand creating bespoke and small-series furniture
- **Eco-Responsibility at Meshlin** : Explored advanced composite materials for automotive, aerospace, and renewable energy industries
- **Wood Industry at FALCO** : Gained insights into high-quality wood-based panels and furniture components

THE MOBILITY EXPERIENCE IN BUDAPEST
